

Dear Parents and Carers,

We are delighted to continue our private **LAMDA (London Academy of Music & Dramatic Art)** tuition at High View, open to all children in Reception – Year 6. LAMDA tuition will take place on a weekly basis, with pupils attending a 30-minute session during the school day. LAMDA sessions can be taken in either **Acting, Musical theatre, Public Speaking** or **Devising Drama**. Students work towards the LAMDA examination, being rewarded for their hard work and commitment with an official LAMDA certificate.

With the support and guidance from our fully qualified, experienced LAMDA tutor, students will select, develop, rehearse and study suitable material depending on their chosen syllabus:

Acting: Learners delve into characterisation and develop strong speaking skills.

Musical Theatre: Learn how to tell a captivating story through song with vibrant characterisation and strong acting technique.

Public Speaking: Develop the confidence to deliver powerful and engaging speeches as you build the foundations of effective public speaking.

Devising Drama: For those with creative flair, learners showcase their imagination from ideas through to performance.

Students will engage in the development of vocal technique, characterisation, facial expression, diction, projection, and physical movement across all syllabuses. In addition to practical work, they will participate in theoretical sessions focused on analysing the works of authors and playwrights. These sessions will explore key elements such as character appearance, emotions, setting, and movement, providing students with a comprehensive understanding of the material to ensure thorough preparation for the examination.

“LAMDA exams are about achievement – recognising and rewarding the endeavours of all pupils – but they are also about empowerment. Our ultimate aim is to provide all people with the opportunity to develop the life skills they need to be a success: attributes such as self-confidence and the ability to communicate clearly and present ideas. At the heart of LAMDA examinations is the recognition that our qualifications are for everyone. Across the globe, our examinations unite learners of all ages, abilities, backgrounds and cultures in enthusiasm for the English language and a desire to develop skills for life.”
