21st November 2025

Dear Parents and Carers,

As part of our upcoming Design Technology project, the children will be constructing their own 3D castles. Photo examples below. This will take place in Badgers on Thursday 27th November. The children will be using paper nets of 3D shapes as the main building material, but the children also have the option to bring in additional resources from home to personalise and enhance their designs.

Suggested items include glue sticks, felt tips, coloured paper, stickers, or any other small craft materials your child may wish to use. Some children have themed their castle for a target audience for example: Spider Man, Disco themed.

Please note: no glitter or paint, please.

Thank you for your support!

Kind regards,

Miss Slack
