

Early Reading at High View

Sam Slack

Current year 3 teacher, Lower School
(1,2,3) and Early Reading Lead

Purpose

-What a successful reader means

-You to go away having an understanding of what phonics is and how we teach children to read at High View.

-An overview of the phonics phases your child will be covering this year.

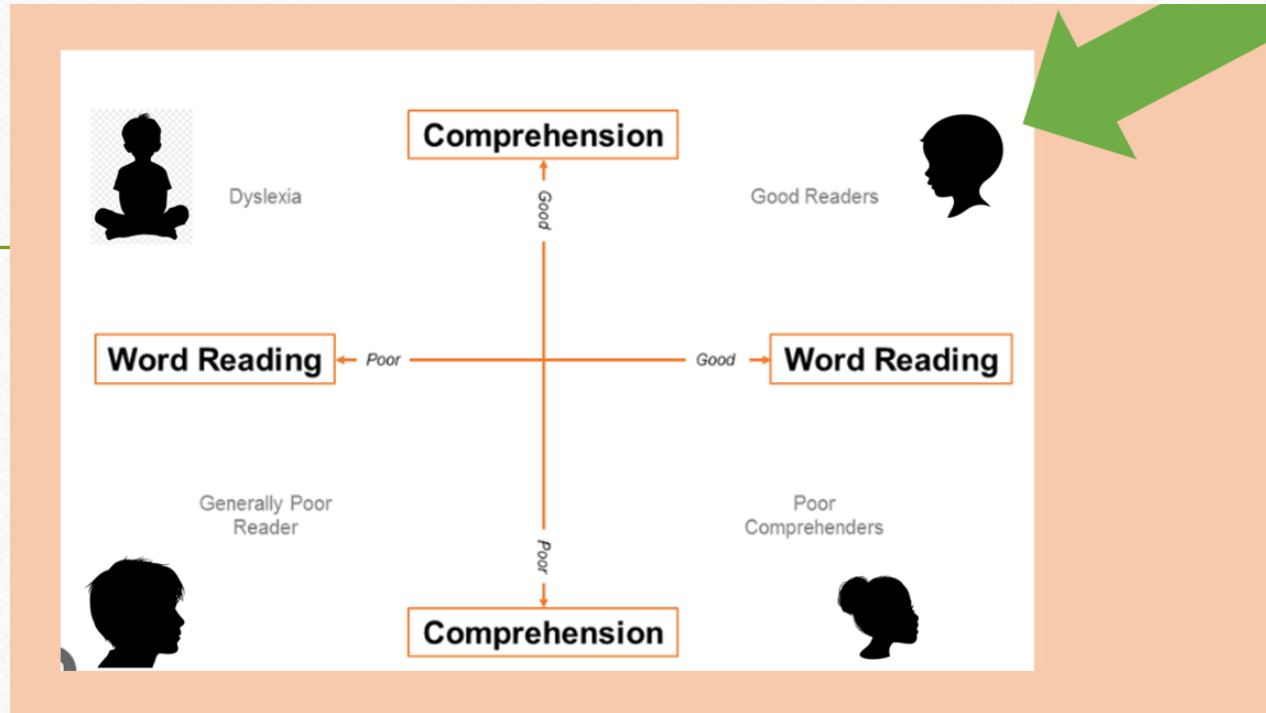

- High View's reading expectations

- Ideas of how to support your child at home

Reading underpins the whole curriculum. A good reader will have more success across the curriculum.

What does it mean to be a good reader?

fluency + language comprehension = successful reading

What do we mean by fluency?

Fluency is not reading fast.

It's about pacing.

Phrases chunks of text together.

Responding to punctuation.

Noticing when it doesn't make sense and rereading

Horace the horrible

The day was feeling warm and sunny and everyone was in a good mood. Horace was feeling particularly horrible. He decided to play some tricks on his family.

He went upstairs to his sister's bedroom and opened the wardrobe doors. In his hand was a tube of glue, which he squirted all over his sister's best dress. He laughed secretly to himself.

fluency + language comprehension = successful reading

Language comprehension?

Language comprehension is how well a child understands words, sentences, and stories. It's their ability to make sense of what someone says or what they read.

How young children develop it:

- Listening to stories
- Talking with adults
- Learning new words
- Asking and answering questions
- Playing and interacting with others
- Hearing rich language in everyday routines

fluency + language comprehension = successful reading

Phonics teaches children how to decode words.
It is the first step towards reading fluently.

fluency + language comprehension = successful reading

What is Phonics?

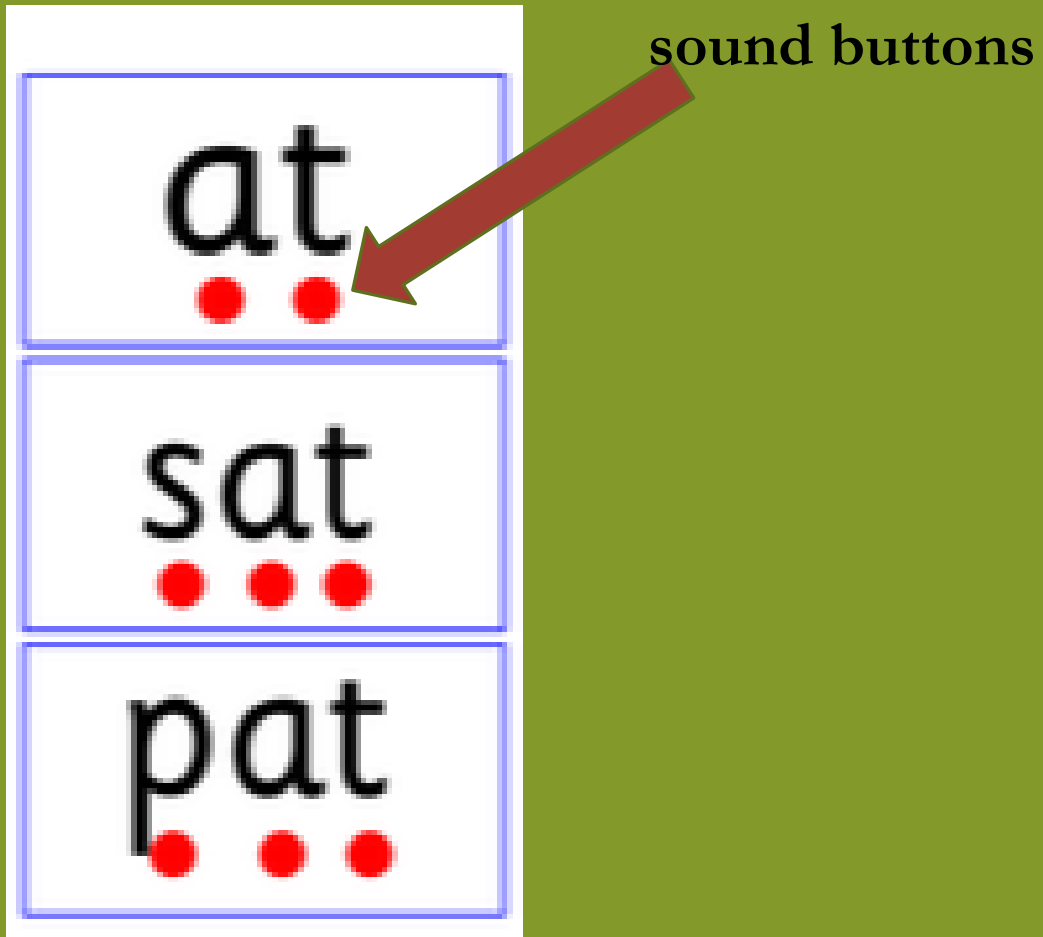

Phonics is the recommended way of teaching children how to read and write.

It's probably not how you learnt to read- remembering whole words.

Children learn that letters make sounds. They are then taught to blend these sounds together to read words.

Let me model it to you.

sound buttons

The diagram illustrates the phonics process for the word "at". It consists of three vertically stacked boxes, each with a blue border. The top box contains the word "at" in black lowercase letters, with two red dots positioned below the letters 'a' and 't'. A red arrow points from the text "sound buttons" to these two dots. The middle box contains the word "sat" in black lowercase letters, with three red dots positioned below the letters 's', 'a', and 't'. The bottom box contains the word "pat" in black lowercase letters, with three red dots positioned below the letters 'p', 'a', and 't'.

The diagram illustrates the phonics process for the word "shock". It consists of a single box with a purple border. The word "shock" is written in black lowercase letters, with the 'sh' and 'ck' digraphs underlined. Below the word are three purple dots, one centered under each of the three syllables: "sh", "o", and "ck".

The diagram illustrates the phonics process for the word "seat". It consists of a single box with a pink border. The word "seat" is written in black lowercase letters, with the 'ea' digraph underlined. Below the word are three pink dots, one centered under each of the three syllables: "s", "ea", and "t".

Phonics at High View

We follow our own phonics scheme at High View and follow a whole class model.

Frequency of lessons

- From nursery to year 2, phonics is explicitly taught every day up to 30 minutes.
- Year 3 consolidate Phase 6 spelling rules 15minx3 a week

Phonics is a huge part of children's daily diet at school. Not just within phonics lessons but throughout the day, all day. Children read in every subject.

Phonic Screening Check Results at High View

Children take a phonics reading check at the end of year 1 to assess their level of understanding. They are asked to read 40 words in total.

High View's phonics screening results:

2025 98% National 81%

2024 88% National 80%

2023 90% National 79%

2022 88% National 75%

Phases of Phonics

There are 6 phases of phonics all together.

Phases 1 to 4 are covered in reception

Phase 5 is covered in year 1

Phase 6 in year 2

Phase 1
Phase 2
Phase 3
Phase 4
Phase 5
Phase 6

Phase 1

Has already been taught in class.

Phase 1

Focuses on developing children's speaking and listening skills. Listening is key to being able to read because children must be able to hear the difference between sounds, otherwise they'll never be able to blend sounds together to hear words.

cat, pat, rat

Aspect 1: Environmental Sounds
Aspect 2: Instrumental Sounds
Aspect 3: Body Percussion
Aspect 4: Rhythm and Rhyme
Aspect 5: Alliteration
Aspect 6: Voice Sounds
Aspect 7: Oral Blending and Segmenting

Children cannot move onto Phase 2, where letters are introduced, until Phase 1 is secure.

- Your child's class teacher has been spending time covering Phase 1 and feel the children are now ready to move on.

How you can continue to support Phase 1

- Alliteration game. Objects, words that begin with g for example: take it in turns to name them.
- Sing nursery rhymes. Discuss what part of these words sound the same. Example dig and pig it's the ig part. Humpty Dumpty
- Eye spy is a fun way of introducing initial sounds. Ask them to guess using the sound the letter makes not the name of the letter.

Other phase 1
resources/games
username: highview
password: phonics

Leap to the Initial Sound

On four blank pieces of paper, write four different initial sounds (for example, a, b, c, d). Place the four pieces on the floor around your child. Show your child different objects that begin with one of the four sounds (e.g. apple or bag). Your child has to jump towards the correct letter for the initial sound. Repeat with different objects and different combinations of letter sounds.

Make Your Own Guitar

With your child, gather together an empty cardboard box, e.g. a cereal box, tissue box or shoe box. Attach an elastic band around the box. Have your child pluck the band and see what noise it makes. Experiment together how you can change its sounds. Does the sound change if you use a different elastic band that's thinner, thicker, longer or shorter? What about if you cut a few holes in the box?

My Turn, Your Turn, Clap, Clap, Clap

To help your child practise copying sounds and rhythms, have a try at clapping out different beats. Take it in turns to lead the clapping. You clap out a rhythm of beats and get your child to clap it back to you. Then let your child clap out a rhythm and see if you can clap it back to them. Can they recognise if you clapped it back correctly?

Sound Effect Story

When you are sharing a story with your child, let them be in charge of adding sound effects. Is the story about different animals? They could add animal noises. Is it about vehicles? Can they make engine or horn noises when the cars are mentioned?

Phase 2

The Phase your child is working on.
**The introduction of letters and the sounds
they make.**

Phase 2-

Importance of correct pronunciation. Right and wrong examples

<https://www.youtube.com/watch?v=DlpcahxNSU4>

In Phase 2, the children are shown letters and are taught to say, read and write them.

They are taught the first 5 sets of sounds.* Sounds are not taught in alphabetical order.

Set 1	s a t p
Set 2	i m n d
Set 3	g o c k
Set 4	ck e u r h b f
Set 5	ff l ll ss

The phonics books the children have started taking home match the sets of sounds they have been taught and know.

At the end of Phase 2 children can read words like...

fig
fog
puff
huff
cuff
fan

fat
lap
let
leg
lot
lit

bell
fill
doll
tell
sell
Bill

Nell
dull
Tess
ass
less
hiss
mass

Set 1	s a t p
Set 2	i m n d
Set 3	g o c k
Set 4	c k e u r h b f
Set 5	ff l ll ss

has
hack
hug
but
big
back

rot
pass
kiss
had
him
his

Phase 2 Tricky Words

Phase 2

I a is to the (Word Wall 1)

into and so go no (Word Wall 2)

Put was lets his her says has (Word Wall 3)

- Every phase introduces children to reading some ‘tricky’ words.
- Tricky words have to be learnt by sight, as whole words, as they cannot be sounded out. (use this language with your child)
- Watch when I try. was the

Phase 3

From around February 2025

**The next set of sounds are taught. Consisting
mostly of digraphs**

Phase 3

During Phase 3, children build on their knowledge of Phase 2 and are taught to

Phase 2

Phase 3

You can see on the sound mat that there are lots of digraphs and some trigraphs to learn.

Digraph- 2 letters making one sound

Trigraph- 3 letters making one sound

They also learn the next set of tricky words- those that cannot be sounded out.

Pronunciations

<https://www.youtube.com/watch?v=a8POhX8RXNk&t=294s> From 4.49

Phase 3

He she we me be said have do (Word Wall 4)

all they you of like are my (Word Wall 5)

what saw want does made our are when (Word Wall 6)

came some come were little one when there (Word Wall 7)

Phase 4

From **June 2024**

The shortest phase. Children continue to build on their knowledge of Phase 2 and 3.

Phase 4 Summer

There are no new sounds or letters to learn in Phase 4.

My Phase 4 Sound Mat

https://www.youtube.com/watch?v=VR_IgfIgz10

Phase 4 Summer

My Phase 4 Sound Mat

During Phase 4, children will practise the instant recall of the sounds they know. Quicker more fluent reading is the aim, with less sounding out.

A child who can read fluently will take more enjoyment from reading and understand more than a child whose focus is just on sounding out.

https://www.youtube.com/watch?v=VR_IgfIgz10

Phase 4 |

their out first every really once (Word Wall 8)

Yearly Outline of Phases 1-4

Week by week

May change slightly depending on the cohort of children and if some learning takes more or less time to embed.

Autumn 1 Phase 1	Autumn 2 Phase 1 and 2	Spring 1 Phase 2	Spring 2 Phase 3	Summer 1 Phase 3	Summer 2 Phase 3 and 4

Questions about phases?

Newsletter

The year group newsletter you receive weekly via email confirms the sounds your child will be working on that week.

Having a discussion with your child before they encounter the sounds at school really helps to support your child. It's a confidence boost for most children as they will come into school having seen this sound or tricky words beforehand.

Phonics

Reception:

We will be learning the sounds 'u', 'r' as well as the common exception word 'let's'.

At home, why don't you try and think of sentences using the new tricky word e.g. 'Let's go to bed'. You could practise reading and writing sentences using the new word.

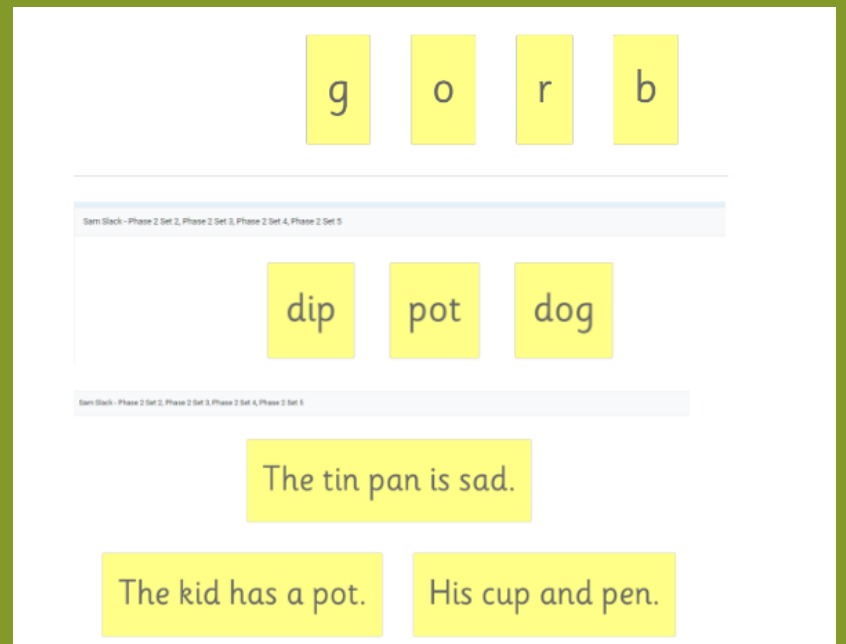

Assessment

This year we have introduced the online platform 'Phonics Tracker' to assess your child's phonics knowledge.

Going forward, we will not be reporting your child's phonics attainment in the same way.

As you will be aware, your child's weekly / fortnightly newsletter outlines the sounds and tricky words that are going to be taught.

Every child will be assessed on the sounds taught by their class teacher or teaching assistant. Going forward, only gaps in your child's knowledge will be shared with you. If there are gaps in your child's knowledge, as well as being supported at school, they will be given additional learning resources to complete at home. You will find these resources in their bags. Examples below:

Reading Expectations

We cannot teach children to read without you.

Reading to you gives your child a chance to practise and to improve their reading skills.

Set 1	s a t p
Set 2	i m n d
Set 3	g o c k
Set 4	ck e u r h b f
Set 5	<u>ff</u> l <u>ll</u> <u>ss</u>
Set 6	j v w x
Set 7	y z zz qu
Set 8	ch sh th ng
Set 9	ai ee igh oa oo
Set 10	ar or ur ow oi
Set 11	ear air ure er
Set 12	<i>consolidation</i>

Book bands

Children are given books with the sounds they know in. Our set books match the order we teach the sounds in.

They should not struggle to read.
Struggling does not build confidence or a love of reading

Children should be able to read 90% of the words in their book fluently. It should be easy!

We would expect children to be Set 12 readers but the end of reception.

Monday	Blended book
Tuesday	X
Wednesday	Blended book
Thursday	Branching out
Friday	Blended book

Blended book- matched to your child's current phonic level.

Branching out- not phonics based but chosen by your child from the book corner out of interest and develop their love of reading. Your child will likely need support to read them.

Reading

- **We expect your child to read 5 times a week. Aim for 10 minutes as soon as your child is ready.**
- Please note any reading in your child's log book. *Just a note to say they've read is fine. Don't worry about what to write if nothing comes to mind.*
- We do keep track of how often children read. A child who reads every day is awarded team points at the end of each week.
- If we notice a child is not reading at home, school procedure is to send a reminder letter home.
- If there is a problem with reading 5x a week, please let your child's class teacher know so that they can support you.
- Reading logs are collected in and checked on Fridays so please ensure they are in your child's bookbag.

Reread sentences

- When reading at home with your child, encourage them to sound out words they are not sure of rather than guess. (Remember they are taking books with sounds they know in home so should be able to sound out most of the words inside.)
- Encourage your child to reread sentences back fluently once they have decoded/sounded them out.
- It is also great practise for children to read the same book more than once. This builds their confidence and enjoyment. They feel like readers!

Books for home

If you want to buy phonics based books to keep at home we recommend

Dandelion series

How to create a literacy rich home environment. They will do what you do.

- Establish a regular time to hear them read and you read to them
- Keep a variety of reading materials at hand
- Store books/materials in places children can access
- Get a library card and visit
- Share your love of books with them/advertise the joy of reading!
- Have paper and writing tools available along side
- Model reading and writing for pleasure
- Make time for conversations about books and reading
- Orally modelling breaking words up (segmenting) do this in your daily routine e.g. “Can you tidy your r-oo-m?” or “can you come and s-i-t down?”
- Make or buy an alphabet poster.
- Put the tricky words up and read them together daily.

Games and ideas

- Say a word and encourage your child to listen to the sounds in the word
- Using magnetic letters to build words and read them
- Make some tricky word flash cards to practise at home. Try hiding them and asking your children if they can find the words.
- When reading together at home, ask if they can find the word on the page. What does it begin with?
- Play 'I spy', using letter names as well as sounds.
- Set a timer. Call out one word at a time and get your child to spell it on a magic board or a small whiteboard, against the timer – remember, they can use magnetic letters.
- Play 'Pairs', turning over two words at a time trying to find a matching pair – great for tricky words

Any questions?

Reading underpins the whole curriculum. A confident and fluent reader will have more success across the curriculum.
